

ARE YOU UP FOR TEACHING

KIDS

TO MAKE

HEALTHY CHOICES

BY MAKING

HEALTHY CHOICES YOURSELF?

GOOD.

LET'S START BY

CHOOSING

A PEN FOR YOUR CHECKBOOK.

WE'RE PROUD TO ANNOUNCE WE'RE NOW FUNDING HEALTH PROGRAMS.

You can write the last few zeroes of that staggering check with a Parker, a Montblanc, or a half-chewed Bic you stole from the supply room – we don't care. That's not the key choice here. Make the one that matters – giving the kids of Marin's public schools a chance to be healthy in both body and mind. And that's where we come in. Improving literacy, technology and the arts for all of the 34,345 kids of Marin – we're attacking that, but now, we're adding health, both mental and physical, to our roster.

And who are we exactly? We're *SchoolsRule* and we're here, with your help, to make a difference in the lives of the kids – each and every one of them – in Marin County.

We're what happens when you take a group of dedicated public school foundations, put them hand-in-hand with the Marin County Office of Education and then sit back and watch as they work their tails off to ensure that there isn't a kid roaming a school hallway from Sausalito to Novato or from San Rafael to Tomales who isn't being given the very best opportunities. It's simple:

you donate money to a great cause, *SchoolsRule* takes that money and divides it up based on a per-student basis and then sprinkles it evenly over the whole of the county. It's not just a good idea, it's an idea that works, time and time again.

At the end of the day we're here to support your preferred selection of pen – dry erase or scented magic marker, fountain pen or rollerball – whatever it might be. As long as you're using it to doodle your signature at the bottom of a check, well, you've made the right choice.
